## ANNUAL INDEX

### AUTHORS

Abati AD, 393  
 Abbs JH, 247  
 Adams G, 537  
 Aepli D, suppl 132:28  
 Ahuja GS, 23  
 Albrektsson T, 337  
 Aldskogius H, 554  
 Alford BR, 109  
 Applebaum EL, 500, 675  
 Arbour P, 330 (letter to editor)  
 Au GKH, 142  
 Austin DF, 670

Bachman RZ, suppl 133:52  
 Bailey BJ, 542  
 Baiocco F, 83  
 Baker RS, 650  
 Balkany T, suppl 135:3  
 Ballenger JJ, 253  
 Barnetson R, 389  
 Barta N, 436 (letter to editor)  
 Basselli C, 83  
 Bass LW, suppl 133:57  
 Basten A, 376  
 Batsakis JG, 94, 213, 328, 434, 561, 690  
 Beamis JF Jr, 487, 550  
 Benjamin BN, 376  
 Bennett M, 688  
 Berg LF, 500, 675  
 Berliner KI, suppl 135:14  
 Bernard BS, suppl 133:52  
 Bernstein JM, suppl 132:19, 34  
 Bini A, 83  
 Blatter MM, suppl 133:53, 60, 62  
 Bluestone CD, suppl 131 (ed):7; suppl 133 (ed):  
     6, 12, 21, 33, 38, 39, 50, 51, 52, 53, 54, 55,  
     56, 57, 58, 59, 60, 62  
 Bohigian RK, 487  
 Boone DR, 179  
 Boscia R, 414  
 Breck JM, suppl 133:57  
 Breda SD, 427  
 Brodsky L, suppl 132:34  
 Brook I, 243  
 Brostoff LM, suppl 133:12  
 Brown OE, suppl 131:38  
 Buckingham RA, 219  
 Butler LJ, suppl 133:20

Calhoun KH, 542  
 Callan E, 512  
 Cameron K, 376  
 Campbell K, 563 (book review)  
 Campos M, 500  
 Canepa A, 83  
 Cantekin EI, suppl 133:12, 16, 17, 18, 19, 36,  
     38, 39, 40, 59, 63, 66  
 Carmichael L, 216 (book review)  
 Carrigan VM, suppl 133:12  
 Carroll RL, 179  
 Casselbrant ML, suppl 133:12, 17, 36, 39, 42,  
     44, 52, 53, 58  
 Chamovitz AH, suppl 133:46  
 Chan KH, suppl 133:55, 59  
 Charles D, 186  
 Charpied G, 159  
 Chen K, 414  
 Chiang TM, 318  
 Chiu M, 78

Cho JS, 476  
 Chole RA, 78, 661  
 Chowdhury CR, 142  
 Chute P, 23  
 Cirić I, 559  
 Clary R, 211  
 Cohen NL, suppl 135:8; 636  
 Cohen SR, 454  
 Cohn JR, 545  
 Coker NJ, 109  
 Colborn K, suppl 133:52  
 Coniglio JU, 448  
 Cornay W, 96, 216, 331 (book reviews)  
 Coury WJ III, suppl 133:32  
 Coutras S, 330 (letter to editor)  
 Craig WA, suppl 131:34  
 Cremers CW RJ, 347  
 Crews PL, 264  
 Crockett DM, 96, 437, 564 (book reviews); 114  
 Crowley JM, 120  
 Crysdale WS, 439  
 Culton GL, 332 (book review)  
 Cummings CW, 229

Darveniza P, 179  
 Davies SJ, 302  
 Davis PJ, 179  
 Davis SD, suppl 131:13  
 Dawes J, 389  
 Deeb ZE, 215 (letter to editor)  
 DeMaria TF, suppl 132:31  
 Derkay CS, suppl 133:56  
 Deskin RW, 542

## SUBJECTS

### Abscesses

Orbital cellulitis with abscess formation caused by sinusitis, 211  
 Subperiosteal mastoid abscesses in chronic suppurative otitis media, 373

### Acoustic analysis

Acoustic analysis of voices of patients with neurologic disease: rationale and preliminary data, 164

### Acoustic impedance

Aural pain resulting from acoustic reflex, 131

### Acoustic neuroma

Anatomic considerations in posterior approach to internal auditory canal, 621

Gamma knife: an alternative treatment for acoustic neuromas, 631

Hearing preservation in unilateral acoustic neuroma surgery, 55

### Acoustic reflex

Aural pain resulting from acoustic reflex, 131

### Acquired immunodeficiency syndrome

Bronchoesophageal manifestations of acquired immunodeficiency syndrome, 530

Otologic disease in patients with acquired immunodeficiency syndrome, 636

*Pneumocystis carinii* in temporal bone as primary manifestation of acquired immunodeficiency syndrome, 427

### Adenoid

Adenoidectomy, eustachian tube function, and otitis media, suppl 133:52  
 Adenoidectomy with and without tonsillectomy for otitis media, suppl 133:52

### Adenoma

Adenomas of temporal bone, 805

### Aerodigestive tract

Upper aerodigestive tract manifestations of cicatricial pemphigoid, 493

### Aging

Laryngeal framework surgery in management of aged larynx, 534

### Airway obstruction

Airway management of acute supraglottitis at Children's Hospital, Boston: 1980-1985, 114

Obstructing tumors of subglottic larynx and cervical trachea: airway management and treatment, 487

### Allergy

Activity of neutrophil chemotactic factor of anaphylaxis in

chronic otitis media with effusion, suppl 133:44  
 Effect of natural pollen exposure on eustachian tube function, suppl 133:47  
 Effects of intranasal histamine challenge on eustachian tube function, suppl 133:49  
 Eustachian tube obstruction after histamine nasal provocation: double-blind dose response study, suppl 133:48  
 Eustachian tube obstruction after provocative intranasal challenge with house dust mite, suppl 133:46  
 Histamine in experimentally induced middle ear effusions in chinchillas, suppl 133:45  
 Histamine levels in chronic otitis media with effusion, suppl 133:42  
 Nasal histamine and heparin in chronic rhinitis, 389  
 Role of allergy in pathogenesis of otitis media with effusion, suppl 133:49

**Anesthesia**  
 Effects of lidocaine and procaine on canine nasal blood vessels, 409

**Angiography**  
 Superselective embolization of glomus jugulare tumors, 613

**Animal models**  
 Animal models of osteomyelitis, suppl 131:18  
 Chinchilla animal model of chronic suppurative otitis media, suppl 131:19

**Antenatal diagnosis**  
 Antenatal diagnosis of congenital deafness, 124

**Antibiotics**  
 Amoxicillin-clavulanate potassium compared with cefaclor for acute otitis media in infants and children, suppl 133:57  
 Antibiotic compared to myringotomy and tympanostomy tube for prophylaxis of otitis media, suppl 133:53  
 Antibiotic for otitis media with effusion, suppl 133:51  
 Antibiotic or myringotomy or both for acute otitis media, suppl 133:53  
 Antipseudomonal antibiotics: overview, suppl 131:32  
 Cefixime versus cefaclor for treatment of acute otitis media with effusion, suppl 133:60  
 Cefuroxime axetil compared to cefaclor in treatment of acute otitis media with effusion, suppl 133:62  
 Comparative evaluation of cefaclor with amoxicillin in treatment of acute otitis media: a 1-year study, suppl 133:57  
 Comparative study of Augmentin and amoxicillin in treatment of otitis media with effusion, suppl 133:59  
 Efficacy of antimicrobial prophylaxis for recurrent otitis media with effusion, suppl 133:55  
 Efficacy of new cephalosporin for acute otitis media, suppl 133:59  
 Efficacy of 20-day versus 10-day antimicrobial treatment for acute otitis media: double-blind, placebo-controlled, randomized clinical trial, suppl 133:54  
 Evaluation of bacampicillin for prophylaxis of otitis media, suppl 133:58  
 In vitro study of new oral cephalosporin: CL 284,635 (Cefixime), suppl 133:21  
 Medical management of chronic suppurative otitis media without cholesteatoma in children, suppl 133:62  
 Pharmacology of antimicrobial agents potentially useful for chronic suppurative otitis media, suppl 131:34  
 Workshop: Controversies in antimicrobial agents for otitis media, suppl 133:69

**Antibody**  
 Lateral cervical (branchial) cyst epithelia express upper digestive tract-type cytokeratins. Polyclonal antibody studies, 365  
 Neutralization antibody to herpes simplex virus type 1 in Bell's palsy, suppl 137:18

**Anti-inflammatory drugs**  
 Effect of anti-inflammatory drugs on collagen-induced autoimmune inner ear disease, 153

**Arthroscopy**  
 Otolologic complications following temporomandibular joint arthroscopy, 675

**Aspiration**  
 Laryngotracheal separation for intractable aspiration, 466

**Atresia**  
 Anatomic findings and management of choanal atresia and CHARGE association, 448  
 Development of congenital laryngeal atresias and clefts, 353  
 Major congenital ear malformations: surgical management and results, 641

**Audiometry**  
 High frequency audiometry in prospective clinical research of ototoxicity due to platinum derivatives, 133

**Auditory brain stem response**  
 Comparison of intrasubject repeatability of auditory brain stem and middle latency responses elicited in young children, 264  
 Effects of hypothermia on latencies of auditory brain stem response in rhesus monkey, suppl 133:67  
 Reversible conductive hearing loss in mice, 281

**Autoimmunity. See Immunology**

**Barotrauma**  
 Auditory and vestibular disorders due to barotrauma, 146

**Bell's palsy**  
 Depression of T cells in Bell's palsy, 138  
 Etiology and pathophysiology of Bell's palsy, suppl 137

**Biochemistry**  
 Experimental alteration of chinchilla middle ear mucosae by bacterial neuraminidase, suppl 133:25  
 Hydrolase activity in experimental middle ear effusions, suppl 133:26  
 Isolation and characterization of chinchilla  $\alpha 1$ -antitrypsin, suppl 133:24  
 Purification and properties of neuraminidase from *Streptococcus pneumoniae* culture filtrates, suppl 133:24  
 Role of bacterial hydrolases in pathologic changes caused by otitis media, suppl 133:23

**Biopsy. See Histopathology**

**Biostatistics**  
 Overview of biostatistical methods, suppl 133:11

**Blood flow**  
 Cochlea and heart as end-organs in small vessel disease, 9  
 Recent advances in cochlear blood flow measurements, 1

**Calcium**

Evaluation of laryngeal calcium deposition: new methodology, 516

Hypocalcemia following pharyngoesophageal ablation and gastric pull-up reconstruction: pathophysiology and management, 521

**Caloric testing**

Alternate and simultaneous binaural bithermal caloric testing: comparison, 359

**Carcinoma**

Computed tomography in determining laryngeal involvement of hypopharyngeal carcinoma, 476

Evaluation of therapeutic potential of interleukin 2-expanded tumor-infiltrating lymphocytes in squamous cell carcinoma of head and neck, 414

Metastatic thyroid carcinoma presenting as distal spinal cord compression, 393

Multiple otopathologic disorders, 14

Prospective study of effects of ventilation tubes on hearing after radiotherapy for carcinoma of nasopharynx, 142

Statistical correlations among supraglottic cancers, 333

Surgical margins in squamous cell carcinomas, 213

**Cartilage graft laryngotracheoplasty**

Protocol for management of interposition cartilage graft laryngotracheoplasty, 239

**Cell wall**

Contribution of pneumococcal cell wall to experimental otitis media pathogenesis, suppl 132:28

**Cellulitis**

Orbital cellulitis with abscess formation caused by sinusitis, 211

**Cephalosporins**

In vitro study of new oral cephalosporin: CL 284,635 (Cefixime), suppl 133:21

**CHARGE association**

Anatomic findings and management of choanal atresia and CHARGE association, 448

**Choanal atresia**

Anatomic findings and management of choanal atresia and CHARGE association, 448

**Cholesteatoma**

Cholesteatoma in pediatric age group, 23

Cholesteatoma surgery: canal wall down procedures, 30

Cochlear hair cell loss in ears with cholesteatomas. Scanning electron microscopy study, 78

Differential clinical and radiographic features of cholesterol granulomas and cholesteatomas of petrous apex, 599

Human leukocyte antigen-A, -B, -C tissue types in patients with middle ear cholesteatoma, 192

Incidence of cholesteatoma with cleft palate, 659

Osteoclasts in chronic otitis media, cholesteatoma, and otosclerosis, 661

Pathology of chronic suppurative otitis media, suppl 131:21

Surgical treatment of cholesteatoma: role of staging in closed operations, 667

**Cicatricial pemphigoid**

Upper aerodigestive tract manifestations of cicatricial pemphigoid, 493

**Cilia**

Abnormalities of cilia in middle ear in chronic otitis media, 186

Acquired ultrastructural alterations of respiratory cilia and clinical disease, 253

Effects of bacterial endotoxin on ciliary activity in tubotympanum, 298

Functional disorder of eustachian tube in experimental otitis media with effusion following inoculation of bacterial endotoxin, 422

Ultrastructure of mucous blanket in otitis media with effusion, 313

**Cleft larynx**

Development of congenital laryngeal atresias and clefts, 353

**Cleft palate**

Effect of palatoplasty on function of eustachian tube in children with cleft palate, suppl 133:37

Eustachian tube function in rhesus monkey model of cleft palate, suppl 133:36

Histopathologic study of eustachian tube in cleft palate patients, 403

Histopathology of otitis media in infants with cleft and high-arched palates, suppl 133:33

Incidence of cholesteatoma with cleft palate, 659

Primate model of cleft palate and middle ear disease: results of a 1-year postcleft follow-up, suppl 133:40

**Cochlea. See Ear, inner — cochlear division**

**Collagen**

Collagen components of bovine fetal and guinea pig cochlear bone and human stapes, 318

**Complications**  
 Complications and sequelae of chronic suppurative otitis media, suppl 131:38  
 Medical or surgical complications related to Nucleus multi-channel cochlear implant, suppl 135:8  
 Near-fatal complication of tracheal T-tube use, 542  
 Pneumothorax as complication of tracheoesophageal voice prosthesis use, 537

**Computed tomography**  
 Computed tomography in determining laryngeal involvement of hypopharyngeal carcinoma, 476  
 Enlarged jugular foramen, 328

**Computerized data bank systems**  
 Computerized data bank system for temporal bone histopathology, 195

**Cyst**  
 Lateral cervical (branchial) cyst epithelia express upper digestive tract-type cytokeratins. Polyclonal antibody studies, 365

**Diabetes**  
 Association of diabetes mellitus and hypertension with Bell's palsy and Ramsay Hunt syndrome, suppl 137:5

**Diagnosis**  
 Antenatal diagnosis of congenital deafness, 124  
 Diagnostic methods in osteomyelitis, suppl 131:25  
 Magnetic resonance imaging of posterior cranial fossa, 594

**Dilation**  
 Dilation of esophageal strictures: comparative morbidity of antegrade and retrograde methods, 460

**Down syndrome**  
 Eustachian tube function in infants and children with Down syndrome, suppl 133:38

**Ear, inner**  
 Anatomic considerations in posterior approach to internal auditory canal, 621  
 Effect of anti-inflammatory drugs on collagen-induced autoimmune inner ear disease, 153  
 Tricyclic trimipramine in treatment of subjective tinnitus, 120

**Ear, inner — cochlear division**  
 Cochlea and heart as end-organs in small vessel disease, 9  
 Cochlear hair cell loss in ears with cholesteatomas. Scanning electron microscopy study, 78  
 Collagen components of bovine fetal and guinea pig cochlear bone and human stapes, 318  
 Experiences with Nucleus multichannel cochlear implant in three young children, suppl 135:14  
 Medical or surgical complications related to Nucleus multi-channel cochlear implant, suppl 135:8  
 Morphologic effects of glycerol and urea on cochlear tissues of chinchilla, 67  
 Multichannel cochlear implants in partially ossified cochleas, suppl 135:3  
 Neurons of inferior medullary velum in cerebellopontine angle, 52  
 Potentiation of ototoxicity by glutathione depletion, 36  
 Recent advances in cochlear blood flow measurements, 1  
 Stapedial electromyography recorded by electrocochleography, 87  
 Synaptic bodies in different rows of outer hair cells in guinea pig cochlea, 302

**Ear, inner — vestibular division**  
 Auditory and vestibular disorders due to barotrauma, 146  
 Diagnosis of retrocochlear and central vestibular disease by magnetic resonance imaging, 19  
 Selective lesions of vestibular labyrinth, 577  
 Systems identification approach to detection of fistulas in vestibular system, suppl 133:17  
 Ultrastructural changes in vestibulo-ocular neurons following vestibular neurectomy in cat, 42  
 Vestibular atelectasis, 565

**Ear, middle**  
 Acute effects of irradiation on middle ear mucosa, 173  
 Effect of changes in systemic oxygen tension on middle ear gas exchange, suppl 133:18  
 Electromagnetic implantable middle ear hearing device of osicular-stimulating type: principles, designs, and experiments, suppl 136  
 Hearing impairment in relation to viscoelasticity of middle ear effusions in children, 272  
 Human leukocyte antigen-A, -B, -C tissue types in patients with middle ear cholesteatoma, 192  
 Lack of efficacy of middle ear autoinflation in treatment of chronic otitis media with effusion, suppl 133:55  
 Middle ear implantable hearing device: ongoing animal and human evaluation, 650  
 Middle ear pressure after changes in steady state, suppl 133:19  
 Patent eustachian tube in underaerated middle ear, 219  
 Stapedectomy trends for resident, 109

**Electrocotilography**  
 Stapedial electromyography recorded by electrocotilography, 87

**Electromyography**  
 Spinal accessory nerve function following neck dissection, 83  
 Stapedial electromyography recorded by electrocotilography, 87

**Endoscopy**  
 Adult subglottiscope for laser surgery, 552  
 Headaches and sinus disease: endoscopic approach, suppl 134  
 Universal ventilation laser tracheoscope, 550

**Endotoxin**  
 Effects of bacterial endotoxin on ciliary activity in tubotympanum, 298  
 Endotoxin and otitis media, suppl 132:31  
 Functional disorder of eustachian tube in experimental otitis media with effusion following inoculation of bacterial endotoxin, 422

**Enzymes**  
 Biochemical study of protease inhibitors in experimental otitis media with effusion, suppl 132:10  
 Hydrolytic enzymes in otitis media pathogenesis, suppl 132:6  
 See also Biochemistry

**Epidemiology**  
 Epidemiology and natural history of chronic suppurative otitis media, suppl 131:8  
 Incidence of Bell's palsy, suppl 137:3  
 Otitis media in children in United States, suppl 133:12  
 Otitis media in pediatric intensive care unit: prospective study of its incidence, prevalence, bacteriology, etiology, and treatment, suppl 133:56  
 Prospective twin study of otitis media, suppl 133:12  
 Workshop: Epidemiology of otitis media, suppl 133:72

**Epiglottis**  
 Acute epiglottitis in adults. Review of 48 cases, 527  
 Airway management of acute supraglottitis at Children's Hospital, Boston: 1980-1985, 114

**Esophagus**  
 Bronchoesophageal manifestations of acquired immunodeficiency syndrome, 530  
 Congenital stenosis of lower esophagus associated with leio-

myoma and leiomyosarcoma of gastrointestinal tract, 454

Dilation of esophageal strictures: comparative morbidity of antegrade and retrograde methods, 460

Hypocalcemia following pharyngoesophageal ablation and gastric pull-up reconstruction: pathophysiology and management, 521

Indications for tracheoesophageal diversion procedure and laryngotracheal separation procedure, 471

**Ethacrynic acid**  
Potentiation of ototoxicity by glutathione depletion, 36

**Etiology**  
Etiology and pathogenesis of chronic suppurative otitis media, suppl 131:16

Etiology and pathophysiology of Bell's palsy, suppl 137

Interaction of *Pseudomonas* and host, suppl 131:13

Microbiology of chronic suppurative otitis media in children, suppl 131:9

Special role of *Pseudomonas aeruginosa* in chronic suppurative otitis media, suppl 131:10

Workshop on chronic suppurative otitis media: etiology and management, suppl 131

**Eustachian tube**  
Adenoidectomy, eustachian tube function, and otitis media, suppl 133:52

Adult eustachian tube morphology: "normal" anatomy and variation, suppl 133:15

Aspect ratio as descriptor of eustachian tube cartilage shape, suppl 133:16

Effect of natural pollen exposure on eustachian tube function, suppl 133:47

Effect of palatoplasty on function of eustachian tube in children with cleft palate, suppl 133:37

Eustachian tube function in children with tympanostomy tubes, suppl 133:38

Eustachian tube function in infants and children with Down syndrome, suppl 133:38

Eustachian tube function in rhesus monkey model of cleft palate, suppl 133:36

Eustachian tube obstruction after histamine nasal provocation: double-blind dose response study, suppl 133:48

Eustachian tube obstruction after provocative intranasal challenge with house dust mite, suppl 133:46

Functional disorder of eustachian tube in experimental otitis media with effusion following inoculation of bacterial endotoxin, 422

Histopathologic study of eustachian tube in cleft palate patients, 403

Lymphoma invading anterior eustachian tube: temporal bone histopathology of functional tubal obstruction, suppl 133:33

Method for histopathologic analysis of temporal bone and eustachian tube and its accessory structures, suppl 133:32

Patent eustachian tube in underaerated middle ear, 219

Physiologic modulation of eustachian tube function, suppl 133:15

Postnatal development of eustachian tube and its surrounding structures: preliminary study, suppl 133:29

Prognostic value of eustachian tube function testing before tympanoplasty, suppl 133:38

Relationship of eustachian tube bony landmarks and temporal bone pneumatization, 277

Reversible functional obstruction of eustachian tube, suppl 133:39

Study of Toynbee phenomenon by combined intranasopharyngeal and tympanometric measurements, 199
